

You're Invited!

Opening Day is May 1st

☼ Spring is here and we are almost ready for another season. Come early for the best selection of our fabulous hanging baskets, roses of all kinds, and great gift planters. Don't forget about our healthy bedding plants and perennials!

☼ Our basket hold program means that you don't have to risk the weather with your hanging baskets. We will babysit them until June 4th for you.

☼ Custom planting has begun in earnest, so let us know if our staff can be of service!

☼ **New this year** - book a Pot Party for your group. Bring your friends, planters ideas and we'll supply the dirt, some friendly advice, and great plant material. Garden therapy without the mess!
